Each MA-Economics and MA-Economics: Policy Track student must complete a minimum of two courses (six hours) in one of the following areas:

Fields: Environmental, Urban, and Regional Economics (EURE)  
Experimental Economics  
International Economics  
Labor Economics  
Public Economics  
Program Evaluation  
Quantitative Methods

The list of courses available for each of these fields is provided below. The list is not exhaustive as in many cases there may be several different courses that satisfy the field requirement. Students should consult and obtain approval for the course that will constitute their field from the Director of the Masters' Program.

Environmental, Urban, and Regional Economics (EURE)
- ECON 8300 - Urban Economics  
- ECON 8320 - Environmental & Natural Resource Economics and Theory  
Other related course with approval from the Director of Masters' Program.

Experimental Economics
- ECON 8300 - Urban Economics  
- ECON 8320 - Environmental & Natural Resource Economics and Theory  
Other related course with approval from the Director of Masters' Program.

International Economics
- ECON 8470 - International Public Economics  
- ECON 8600 - Economics of Development  
- ECON 8850 - International Trade  
- ECON 8860 - Economics of Global Finance  
Other related course with approval from the Director of Masters' Program.

Labor Economics
- ECON 8220 - Human Resources and Labor Markets  
- ECON 8210 - Health Economics and Policy  
- ECON 8899 - Causal Inference and Evidence Based Policy  
- ECON 8310 - Economics of Educational Policy  
Other related course with approval from the Director of Masters' Program.

Public Finance
- ECON 8080 - Economics of Public Sector  
- ECON 8460 - Economics of the State and Local Public Sector  
- ECON 8470 - International Public Economics  
Other related course with approval from the Director of Masters' Program.

Program Evaluation:
- ECON 8899 - Causal Inference and Evidence Based Policy  
- PMAP 8521 - Evaluation Research  
- ECON 8310 - Economics of Educational Policy  
Other related course with approval from the Director of Masters' Program.

Quantitative Methods
- ECON 9780-Data Management and Analysis  
- MGS 8040-Data Mining  
- MGS 8150-Business Modeling  
- ECON 8780-Financial Econometrics  
Other related courses with approval from the Director of the Master's program.
