How-to Schedule & Run Your WebEx Dissertation Defense

1. Log-in to the [GSU WebEx home page](https://gsuwebex.com/) with your CampusID and CampusID Password.
2. On the Home tab, click Schedule

3. Schedule your Final Dissertation Defense Webex Room

   - **Meeting Type**: Webex Meetings Pro 1000
   - **Meeting Topic**: Use template below based on whether you are proposing or defending your dissertation.
     - Dissertation Proposal Defense - **{Insert Your Name}**
     - Final Dissertation Defense – **{Insert Your Name}**
   - **Meeting Password**: No action; randomly generated
   - **Date and Time**: Select the date and start time of your dissertation defense. *The latest a Defense can start is 4:00 PM.*
     - **Duration**: Select 2 hours
   - **Recurrence**: Remain unchecked
   - **Attendees**: separate email addresses with a comma or semicolon
     - Enter emails for each committee member
     - Enter AYS OAA’s Office Email: [aysenroll@gsu.edu](mailto:aysenroll@gsu.edu)
   - When you are finished, click **Schedule**.
4. To start your scheduled meeting, select the **Meetings** tab on the left and click **Start** next to your desired meeting.

**Your Responsibilities After Scheduling:**

- Prepare and understand how to use your technology, see **Resources** below.
- It is crucial to have high-quality sound, both outgoing (microphones) and incoming (speakers).
- Headsets are recommended to prevent the possibility of an echo and/or background noise; a basic set of earbuds will help.
- Ensure your video works.
- Understand how to share your screen for your presentation.
- Send out digital copies of your presentation to your committee members before your defense.

**Dissertation Dress/Environment:**

- Treat your online defense as a professional meeting.
- You will be on camera, dress professionally.
- Identify a place that will eliminate distractions for you and others on the call.
- Try to eliminate all background noise at your location.
Resources

If you have never used the WebEx, we highly recommend you familiarize and test the software before your defense; below are additional resources and tips.
